Oliver's cake is coming out of the oven! He wants to eat it but Safety Pups know not to eat or touch hot things straight from the oven. He'll wait until his grown ups say it's cooled down!

Oliver can't wait to see how you decorate his birthday cake!
Your ideas make his birthday the best.

Oliver's friends are arriving! Oliver wants to run outside to greet everyone but he knows Safety Pups never run outside without a grown up. He is so happy to see who is here!

What present do you think Oliver got?
Draw your ideas and color them in for Oliver!

Oliver is so excited to jump in the bounce house!

Right now there are kids inside that are MUCH smaller than he is. Oliver knows Safety Pups keep other's safe too, so he will wait his turn to make sure he doesn't hurt the smaller kids.

It's time to blow out the candles! What do you think
Oliver wished for?

**HAPPY BIRTHDAY
OLIVER!**

Oliver wishes that all dogs feel as happy and loved as he does today!

GOOD BOY OLIVER!

Oliver is having SO much fun! The party is very exciting, and a little loud. Oliver is starting to feel a little tired and confused. Oliver knows he needs to rest. He tells a grown up he trusts that he needs a little break, so they don't worry where he is. Then he lies down to recharge his batteries.

GOOD BOY OLIVER!

WOW Oliver got so many presents! He realizes he has more toys now than he could ever play with, and his room is a little messy. Oliver has an idea- he wants to share some of his toys with his friends at the dog shelter!

GOOD BOY OLIVER!

Look at how happy Oliver's friends are! Safety Pups don't just keep other's safe, they also know how to share with others. Oliver and his friends can play with all these toys together now!

GOOD BOY OLIVER!

Can you draw yourself with Oliver for his birthday? His favorite part of his whole day was spending it with you!
Thanks for coming to Oliver's birthday party!
